SUMMARY

Frontend Web Developer skilled in building responsive, UI/UX-driven web applications using ReactJS, Tailwind CSS, and Framer Motion. Proficient in HTML5, CSS3, JavaScript (ES6+), Vite, and Git. Delivered high-quality projects like Whimsical Ruchi and GoDevil with strong attention to performance and pixel-perfect design. Bilingual in English and Hindi. Open to freelance and frontend roles.

EXPERIENCE

Web Developer Intern — Technical One

July 2025 – Present

- Collaborated with the design team to develop and maintain interactive UI components using ReactJS and Tailwind CSS.
- Assisted in building and deploying production-ready pages for a fictional fashion brand on Netlify.
- Ensured pixel-perfect implementation based on provided Figma designs and responsive breakpoints.
- Participated in weekly sprints and gave demo presentations of feature rollouts.

PROJECT

Whimsical Portfolio

whimsical-ruchi-portfolio.netlify.app · July 2025

- Designed and developed a fully responsive portfolio from scratch, increasing recruiter engagement by 30% (LinkedIn data).
- Created a unique animated starry night theme for personal branding and visual identity.
- Implemented Framer Motion animations and smooth page transitions for better user experience.
- Used mobile-first design and optimized performance across all major screen sizes.
- Optimized images/assets and reduced page load time by 40%.

GoDevil – Half Goddess, Half Devil, ALL YOU

godevil.netlify.app · July 2025

- Created a bold, thematic landing page using ReactJS, Tailwind CSS, and Framer Motion.
- Used expressive UI elements with animations, hero sections, and brand-aligned typography.
- Integrated EmailJS to enable functional contact and newsletter forms.
- Deployed on Netlify with Vite optimization.

EDUCATION

Bachelors of Arts – Barkatullah University, Bhopal, M.P. · 2023

CERTIFICATIONS

- JavaScript Algorithms and Data Structures – freeCodeCamp
- Responsive Web Design – freeCodeCamp
- Linux Basic Commands – Udemy
